Hospitality includes

This will be a spectacular weekend of the finest turf racing with 11 Group races over the two days. The Arc is not only Europe's most prestigious race but, with the partnership between France Galop and The Qatar Racing and Equestrian Club, it has become the world's richest turf race. This festival of racing is a showcase of the greatest thoroughbred horses in training.

ITC Sports and sister company 'Horse Racing Abroad' has worked closely with France Galop, the French Jockey Club, for many years and is proud to be the only, officially appointed, racing tour company to bring race-goers to this event.

With two days of superb Group racing, Longchamp will have its busiest weekend of the year with crowds pouring in from all over France, Europe and America. Besides creating a tremendous atmosphere of excitement and anticipation, this can also lead to overcrowding throughout the racecourse, the only exception being the exclusive Horse Racing Abroad Pavilion Grandstand area.

The Pavilion is for the exclusive use of our clientele and, as a result, there are minimal queues for betting, eating and drinking in comparison to the rest of Longchamp. The Pavilion also prides itself on having spacious viewing areas from which to watch the races. Prime viewing facilities
